

ST. LAWRENCE FLUORSPAR PROJECT

Junior HSE Advisor

Canada Fluorspar (NL) Inc. offers an exciting opportunity for a highly motivated and enthusiastic individual to join its project team as **Junior Health, Safety and Environment (HSE) Advisor**. This position will be based at the AGS Project office in St. Lawrence, NL.

Reporting to the HSE Manager, the incumbent will assist with the implementation, maintenance and audit of an effective health, safety and environment management system that supports the overall strategy of Canada Fluorspar (NL) Inc.

Duties will include maintaining HSE related records, reports, and documents to meet department, company and/or regulatory requirements; communicating appropriate HSE related information on an accurate and timely basis to the project team; reviewing all crew safety meeting minutes and ensure all HSE concerns are addressed. The position will also conduct regular site inspections to ensure equipment, materials and processes meet applicable safety standards; ensuring that all HSE policies, rules and regulations are posted in designated areas; maintaining an action log to record actions resulting from inspections, safety meeting minutes, and investigation preventative recommendations; and, providing technical advice and guidance to workers and contractors on health, safety and environment issues and concerns.

The ideal candidate will possess a post-secondary education in occupational health and safety or related field, along with previous relevant experience in a heavy industrial or mining environment. Intermediate computer skills, along with strong verbal and written communication skills are essential for this position. Interested candidates must also possess a valid driver's license.

To apply, please forward a cover letter and resume by **April 14, 2017** to:
