

ST. LAWRENCE FLUORSPAR PROJECT

Jr Mine Survey Technician

Canada Fluorspar (NL) Inc. offers an exciting opportunity for a highly motivated and enthusiastic individual to join its project team as Jr. Mine Survey Technician.

Reporting to the Mine Survey Technician, the incumbent will provide a survey service while adhering to the mine's survey standards, which contributes to the objectives of the technical services department and the mine operations department.

Key Job Responsibilities:

- Provide technical support on civil and environmental engineering projects
- Utilize equipment, software and survey systems in performing/managing project surveying programs
- Conduct topographic surveys using total station and GPS methods
- Assist in the preparation of technical reports and prepare drawings, such as site plan and design drawings, using AutoCAD and specialized software
- Monitor and maintain documentation related to construction activities
- Perform field layouts for crews (this can be anything from earthworks to structures)

Skill & Experience:

- Possess a Diploma/Degree in Geometrics, Civil Engineering Technology or equivalent
- A minimum of two (2) years' open-pit surveying and/or civil earthworks construction experience
- Proficient in AutoCAD, GPS Survey Equipment, Total Stations, Survey Software and MS office suite of programs
- Knowledge of computerized surveying calculations and techniques
- Interested candidates must possess a valid driver's license

To apply, please forward a cover letter and resume by **April 21, 2017** to:
