

## ST. LAWRENCE FLUORSPAR PROJECT

# APPRENTICE MILLWRIGHT

As we expand our operation, Canada Fluorspar (NL) Inc. is positioning itself as an industry leader and a preferred employer of choice for tradespersons. With this apprenticeship opportunity, our goal is to maximize the learning experience, giving individuals a chance to work closely with a team of experienced Millwright to learn a multitude of tasks related to day to day business of constructing a fluorspar mining operation.

### **Key Job Responsibilities:**

- Assist with installing, aligning, maintaining, dismantling machinery, such as pumps, heavy mechanical equipment, conveyor systems, pulleys, mechanical clutches, gear boxes, hydraulics and pneumatic control systems
- Ensuring compliance with all established policies and standard operating procedures and ensuring all tools are maintained and kept in an orderly condition
- Performing a variety of miscellaneous duties and assignments as directed by journey person and/or supervisor

### **Skill & Experience:**

- Interested candidates must be registered with the Newfoundland and Labrador Apprenticeship Program and in good standing
- Must have previous experience working in a construction, mill operation and maintenance environment
- Ability to learn from others and adopt best practices while maintaining a strong focus on safety, integrity and reliability
- Must successfully complete all pre-access requirements, including pre-access drug and alcohol screening

---

To apply, please forward a cover letter and resume by **June 16, 2017** to:
