

ST. LAWRENCE FLUORSPAR PROJECT

APPRENTICE HEAVY DUTY EQUIPMENT TECHNICIAN

As we expand our operation, Canada Fluorspar (NL) Inc. is positioning itself as an industry leader and a preferred employer of choice for tradespersons. With this apprenticeship opportunity, our goal is to maximize the learning experience, giving individuals a chance to work closely with a team of experienced Heavy Duty Equipment Technicians.

Key Job Responsibilities:

- Assist with preventative and breakdown maintenance on heavy equipment in a safe, timely and accurate manner
- Help diagnose, dismantle, assemble and align mobile equipment including dozers, graders, haulage trucks and loaders
- Work with the maintenance team to install, troubleshoot and maintain power transmission, hydraulic and pneumatic systems and braking systems
- Ensuring compliance with all established policies and standard operating procedures and ensuring all tools are maintained and kept in an orderly condition
- Performing a variety of miscellaneous duties and assignments as directed by journeyperson and/or supervisor

Skill & Experience:

- Interested candidates must be registered with the Newfoundland and Labrador Apprenticeship Program and be in good standing
- Previous experience in a heavy industrial or mining environment (preferably open pit)
- Ability to learn from others and adopt best practices while maintaining a strong focus on safety, integrity and reliability
- Must successfully complete all pre-access requirements, including pre-access drug and alcohol screening

To apply, please forward a cover letter and resume by **September 13, 2017** to:
