

ST. LAWRENCE FLUORSPAR PROJECT

Drill Operator

Canada Fluorspar (NL) Inc. are looking for experienced and motivated **Drill Operator(s)** to join its mine operations team. This position is temporary in nature but may lead to longer term opportunities depending on personal performance and operational requirements. The successful candidate(s) will be expected to work on a seven (7) day on / seven (7) day off work rotation, 12-hour shift.

DUTIES / RESPONSIBILITIES

- Effectively operate production drill equipment in a manner to maximize productivity and minimize wear and down time
- Reading drill pattern instructions or diagrams, measuring locations, and helping stake out patterns of blast holes to be drilled
- Perform daily maintenance activities required for safe, efficient operation of assigned equipment
- Monitoring equipment operation and reporting any deficiencies per standard operating procedures (SOPs)
- Perform miscellaneous labour activities and assist mine operations team as required

EDUCATION / EXPERIENCE / SKILL

- A minimum of five (5) years experience operating rotary and/or hammer drills in an open pit mining or quarry environment a prerequisite
- Ability to conduct pre-and post operational checks, complete equipment log books and maintain accurate drill and bit records
- To be successfully considered for this role you must complete all pre-access requirements, including pre-access drug and alcohol screening.

To apply, please forward a cover letter and resume by 12:00 P.M. on **June 4, 2018** to:
