

ST. LAWRENCE FLUORSPAR PROJECT

Project Coordinator/Geologist

Canada Fluorspar (NL) Inc. ("CFI") are seeking a highly motivated and team-oriented individual to join its team as a Project Coordinator/Geologist.

Reporting to the Senior Geologist, this position will work a ten (10) day on / four (4) day off work rotation. This is a hands-on, physical and technical role and its primary focus is to manage contractors and material movement and classification related to an ore washing plant. We are looking for a candidate who brings proven industry experience and is willing and able to work as part of a small work team. ***This position is temporary in nature.***

DUTIES / RESPONSIBILITIES

- Manage and direct ore material movement related to a rock wash plant operation
- Determine grade and quality of ore products to ensure proper blending plans are created
- Co-ordinate contractor activity to ensure safe, efficient and productive operation
- Perform regular inspections and addresses issues by identifying short-term and long-range effects associated with the operation
- Track project statistics and budget management
- Participate in and/or lead daily safety meetings
- Additional responsibilities to support the project as needed

EDUCATION / EXPERIENCE / SKILL

- Possess a post secondary education in geology, mineral technology and/or relevant work experience. Experience in mining/construction/supervision is required.
- Demonstrated ability to follow written and verbal instructions to complete assigned tasks in an independent, safe, highly organized and efficient manner
- Proficient with computers using various software applications, including MS Office Suite
- Must be able to lift 10 lbs with each hand and up to 50 lbs with both hands
- Interested candidates must possess a valid driver's license

To apply, please forward a cover letter and resume and by 5:00 P.M. on **November 2, 2018** to:

POSTING #2018-110 – PROJECT COORDINATOR/GEOLOGIST
