

ST. LAWRENCE FLUORSPAR PROJECT

SCAFFOLDER

We are currently seeking applications from individuals who are interested in joining our construction team for a short-term opportunity as **Scaffolder**. This is a hands-on, physical role and its primary focus is to support a number of planned construction activities. **These positions are temporary in nature and the duration is expected to last approximately two (2) weeks.**

Key Job Responsibilities:

- Utilizes site drawings and written instructions to select materials required to set ground levels for scaffolds
- Installs scaffold tubes, support braces and clamps to form bases for scaffolds requirements
- Places planks over horizontal bearers to create platforms
- Monitors levels in scaffolding structures to ensure stability
- Dismantles scaffolding at the completion of the job
- Performing a variety of miscellaneous duties and assignments as directed by supervisor

Skill & Experience:

- Must have a demonstrated experience with scaffold building in a heavy industrial environment
- Must be able to work from heights and possess a valid Fall Protection Certificate
- Successful candidates shall furnish, for their own use, all necessary hand tools to enable them to effectively carry out their duties
- Must successfully complete all pre-access requirements, including pre-access drug and alcohol screening

To apply, please forward a cover letter and resume by 12:00 PM on **November 27, 2018** to:

POSTING #2018-119 – SCAFFOLDER
