

ST. LAWRENCE FLUORSPAR PROJECT

Loader Operator

Canada Fluorspar (NL) Inc. is looking for qualified and experienced **Loader Operator(s)** to join its mine operations team in St. Lawrence, NL. While this is currently a temporary position, there is the potential for longer term employment depending on operational requirements as well as your performance. The successful candidate(s) may be required to work a variety of shift configurations, including 7 days/nights/7 days off, 12-hour shifts etc.

DUTIES / RESPONSIBILITIES

- Safely and effectively operate a loader to load 35-70-ton haul trucks.
- Utilize equipment in a manner that maximizes productivity while minimizing equipment wear and down time.
- Monitor equipment operation and report all deficiencies per standard operating procedures (SOPs).
- Perform thorough daily walk-around equipment inspection and complete written inspection form pre-and post-shift.
- Perform miscellaneous labour activities and assist mine operations team as required.

EDUCATION / EXPERIENCE / SKILL

- Formal training as a Heavy Equipment Operator or other relevant education.
- A minimum of two (2) years experience operating a production loader in an open pit mining environment;
- Willing and able to satisfactorily complete the company's training program designed to acquaint operators on safe and efficient operation of loading equipment such as the Komatsu WA-470 Loader
- To be considered for this role, you must complete all pre-access requirements, including pre-access drug and alcohol screening.

To apply, please forward a cover letter and resume by 12:00 P.M on **March 28th, 2019** to:
