

ST. LAWRENCE FLUORSPAR PROJECT

QA/QC Inspector

Canada Fluorspar (NL) Inc. offers an exciting opportunity for highly motivated and enthusiastic individual(s) to join its operations team as Quality Inspector. The successful candidate will be expected to work on a 5 days on / 2 days off rotating work schedule, 10-hour shift.

Reporting to the Project Manager, this position is temporary in nature and the duration is undetermined at this time. This is a hands-on, physical role and its primary focus is to support a number of planned construction activities at the AGS Project. We are looking for a candidate who brings construction experience and is willing and able to work as part of a team.

Key Job Responsibilities:

- Provide technical support on engineering projects and ensure that construction meets specification of engineering design
- Oversee the lift placement on the tailings management facility (TMF), ensuring that it meets and does not exceed the required thickness
- Troubleshoot any issues that may arise during construction activities and collect appropriate samples of materials for laboratory testing
- Monitor and maintain documentation related to construction activities (i.e. lift thickness, compaction effort, and issues with segregation)

Skill & Experience:

- Possess a Diploma/Degree in Engineering or equivalent
- Previous experience working with soil lab testing work would be an asset
- Excellent interpersonal, oral, and written communication skills including ability to effectively communicate and interact with all individuals with integrity, empathy and sincerity
- Proficient with computers using various software applications, including word processing and database management
- Ability to learn from others and adopt best practices while maintaining a strong focus on safety, integrity and reliability

To apply, please forward a cover letter and resume by **5:00 p.m.** on **July 3rd, 2019** to:
