

ST. LAWRENCE FLUORSPAR PROJECT

Assistant Controller

Are you a skilled finance and accounting professional? Have you achieved an appropriate accounting designation and wish to bring your career to the next level? Are you looking for a new challenge and want to add “boots on the ground” experience to your already impressive resume?

Canada Fluorspar (NL) Inc. is seeking an experienced Assistant Controller to join its mine operation in St. Lawrence, NL.

In this dynamic role within the Finance team, you will utilize your education and experience to achieve amazing outcomes every day. Responsibilities will include budgeting analysis, forecasting and financial reporting. Reporting to the Controller, you will be directly involved in financial statement preparation and management of the company’s accounting and tax functions, including the analysis and interpretation of financial results to drive performance. You will be a team player who demonstrates leadership while being creative, service minded and tactical.

In this role, you will be guided by solid business instinct and acumen, impeccable ethics and sound business judgment that comes from experience. You will bring sound technical accounting and finance skills, along with the ability to deal with conflicting priorities and roadblocks and exhibit superior problem-solving skills.

You are an out of the box thinker who makes finance “cool”. You want to make your mark and appreciate the advancement opportunity inherent in a role such as this.

Skills & Experience

- Bachelor’s degree in Accounting or Finance; professional accounting designation considered an asset
- 5+ years’ relevant and progressive work experience in financial and/or cost accounting; experience within the resource sector and/or a mining company an asset.
- Experience working with ERP systems (Sage) considered an asset
- Strong computer skills, including Microsoft Office Suite
- Impeccable communication skills, both verbal and written

To apply, please forward a cover letter and resume by **5:00 P.M.** on **October 3rd, 2019** to:
