

CANADA FLUORSPAR (NL) INC.

MILL LABOURER

Canada Fluorspar (NL) Inc. is looking for an experienced and motivated Mill Labourer(s) to join its operations team. This position is temporary in nature & reports directly to the Mill Supervisor. The successful candidate(s) will be expected to work a 7 day on / 7 day off, alternating Day/Night work rotation, 12-hour shift.

Safety is of the up most importance. Key Factors:

- Respirators must be worn at all times while in designated work area
- Conveyors have many moving parts. Do not remove guards or reach around moving equipment parts.
- Lock out equipment between drum filter runs before cleaning or working on the Conveyors.

Duties:

- Ensure the three Conveyor's are functioning properly allowing flow of Con from the mill to the storage building.
- Perform frequent inspections on Conveyor's to assist with routine maintenance. If a breakdown occurs, immediately report to the Mill Supervisor on shift.

TASKS:

- Inspect all three Conveyors hourly
- Grease Conveyors as per manufacturers Specs.
- Use Skid Steer along with shovels to remove Con that leaks from the Conveyor System

EDUCATION / EXPERIENCE / SKILL

- Excellent communication skills, oral and written.
- Understanding of loading tools and ability to operate a skid steer, and other industrial equipment.
- Previous experience working on a heavy industrial/mining production site required.
- Self-motivated and active team player, with strong communication skills and with the ability to read and understand work instructions

To apply, please forward a cover letter and resume by **5:00 PM on March 3rd, 2020** to:
