

ST. LAWRENCE FLUORSPAR PROJECT

Senior Geologist

Canada Fluorspar (NL) Inc. ("CFI") is seeking a highly motivated and team-oriented individual to join its Geology team as Senior Geologist. This position is a temporary-leave replacement position.

Reporting to the Chief Geologist, the Senior Geologist will provide geological services that contribute to the ongoing objectives of the Geology Department regarding Mining Operations, Exploration and Evaluation projects and Mine Development Regulatory matters, that are in accordance with CFI's objectives to establish and maintain sustainable mining operations.

We are looking for a candidate who can bring proven industry experience and are willing and able to work as part of a small work team. This position is temporary in Nature. Start date to be determined.

DUTIES / RESPONSIBILITIES

- Responsible for developing, maintaining and managing the geological production databases relevant to mining operations.
- Responsible for geological and resource modelling to ensure effective short- and medium-term ore mining planning, resource estimation, reporting and reconciliations pertaining to mining operations
- Responsible for maintaining geological data, statistics and conducting research as required in an organized manner including document control
- Contribute to Exploration and Evaluation programs with training, mentorship and support supervisory work as directed by the Chief Geologist
- Contribute to Regulatory and Compliance matters as directed by the Chief Geologist

EDUCATION / EXPERIENCE / SKILL

- Possess a Degree in Geology with a minimum 5 years relevant experience
- Training or competency in geological modelling (GEMS / SURPAC), AutoCAD-Promine, ArcGIS, Microsoft Suite, formal presentation software
- Registered Member in good standing with PEGNL
- Excellent interpersonal, oral, and written communication skills including ability to effectively communicate and interact with all individuals with integrity, empathy and sincerity
- Ability to exercise good judgment in recognizing scope of authority and protecting confidential information, complete work in a timely manner with accuracy and attention to detail, work under pressure and maintain a calm focus during hectic periods
- Possess excellent problem solving skills, good judgment, diplomacy and tact
- Superior organizational and planning abilities

To apply, please forward a cover letter and resume by **5:00 P.M. on December 31st, 2020** to:
